3rd International Conference on Pervasive Computing and Social Networking (ICPCSN 2023)

19-20, June 2023 | Salem, India

Organizing Committee

Chief Patron

Mr. B. Nitish Harihar,

Chairman,

Narasu's Sarathy Institute of Technology,

Salem, Tamil Nadu, India.

Patron

Mrs. Aishwarya Nitish,

Pro Chairman,

Narasu's Sarathy Institute of Technology,

Salem, Tamil Nadu, India.

Convener

Thiru. G. Prabakaran,

Vice Chairman and Secretary,

Narasu's Sarathy Institute of Technology,

Salem, Tamil Nadu, India.

Conference Chair

Dr. Munusami Viswanathan,

Principal,

Narasu's Sarathy Institute of Technology,

Salem, Tamil Nadu, India.

Financial Chair

Dr. T. Arutselvan

Professor

Narasu's Sarathy Institute of Technology,

Salem, Tamil Nadu, India.

Technical Program Chairs

Dr. Robert Bestak, Czech Technical University in Prague, Czech Republic.

Dr. Xavier Fernando, Professor, Ryerson University, Toronto, Ontario, Canada.

Dr. G. Ranganathan, Electronics and Communication Engineering, Gnanamani College of technology, Namakkal, Tamil Nadu, India.

Dr. Ram Palanisamy, Department at the Gerald Schwartz School of Business, St. Francis Xavier University, Canada.

About the Conference

The rapid proliferation of communication technologies and software engineering practices have witnessed the fast-growing research interests in information and communication technologies and social networking, which tends to play an integral part in our daily lives. The 3rd International Conference on Pervasive Computing and Social Networking [ICPCSN 2023] promotes the development of pervasive communication systems and pursuing Social Networking applications for communication platforms, networks and devices. ICPCSN 2023 aims to collaborate and promote state-of-the-art research works on the conceptual, constructive, empirical, theoretical and practical implementations of pervasive Computing and Social Networking methods for developing more novel ideas and innovations in the emerging Information and Communication Technologies [ICT].

About the College

Established in the year 2008 with the motive of developing technically and socially responsible engineers. NSIT Situated in Salem on the National Highway connecting Salem to Bengaluru, is a sprawling Wi-Fi campus of 22.5 acres with spacious smart classrooms, well stocked digital library, comfortable hostel and a soothing ambience for higher education. Now stands as a benchmark for academic excellence and industrial placements in the region. Our college is promoted by Smt.Mahalakshmi Ammal Educational Trust, whose members are veterans in the industry and academia. The Founder Thiru. R. P. Sarathy Ayya, is a great Entrepreneur, Educationalist and Philanthropist, who laid the foundation stone of this institution on January 26th, 2008.

Publication

The proceedings of the conference will be submitted to Xplore and CSDL for possible publication.

VENUE

Narasu's Sarathy Institute of Technology Salem, Tamil Nadu, India.

Submission Guidelines

Submit your full articles via any of the following methods,

- Email: icpcsi.conf@gmail.com
- Easychair: https://easychair.org/conferences/?conf=icpcsn2023

Call for Papers

Pervasive Computing

Ubiquitous Networking and Sensing Models
Smart Interface Design Models
Data Mining Techniques
Smart Crowdsourcing and Intelligent Models
Human-Computer Interaction Models
Social Intelligence and Computing Models
Adaptive Computing in Robotics Systems
Artificial Intelligence and Machine Learning
Machine-to-Machine Communication
Intelligent User Interface Models
Brain-Machine Interaction
Pervasive Wearable Communication Models
Deep Learning and Deep Computation
Smart Grid Computing and Cloud Computing
Smart Systems
Smart Space Systems and Techniques
Autonomic Computing

Social Networking

Opportunistic Networks Models and Applications
Internet of Things and its Architectures
Wireless Sensor Networks
RFID Systems, Design and Implementations
Big Data and Cyber-Physical Systems
Heterogeneous Multilevel Networks
Peer to Peer Social Networking Models
Web-based Semantic Models and Commodities
Challenges and Opportunities in Social Networking
Edge and Fog Computing in Social Networks
Context-aware Mobile Social Networks
Smart Authentication and Authorization Models
Cyber Security and Cyber-Physical Systems
Security Issues and Technical Challenges in Social Information Networks
Cloud Security Models in Social Networks
Block Chain Models in Social Information Networks

Registration Fee Details
